

# ARTIFICIAL SPORTS GRASS

...for cricket, football, golf, hockey, rugby, tennis, and multi-sports

Our artificial sports grass gives a consistent, high level of performance that is required by World Sporting Bodies.

Laid on a rubber shock pad to reduce the likelihood of player injury, artificial sports grass is durable and can be used for a variety of sports including cricket, football, golf, hockey, rugby, tennis, and multi-sports.

“ We have used DCM to install all types of surfacing - wetpour, safety grass, resin bonded gravel and, most recently, a 3G MUGA pitch which our client is delighted with. From the sales team through to the planners and the installation teams, the whole operation is friendly, prompt and professional.
