

## MILLBROOK PRIMARY SCHOOL **The Project**

**PRODUCT: RUBBER -GRAVEL MIX,  
DAILY MILE TRACK**

**DIMENSIONS: 540m X 1.5m**

**YEAR: 2018**

In order to implement the Daily Mile Challenge, Millbrook Primary School required an all-weather running track which could be installed over the existing sports field in order to be used by pupils and teachers year-round.

Rubber-Gravel Mix was chosen to create a natural looking, self-cleaning surface which would reduce the impact of any slips, trips or falls.
