

ST.PAULS CE PRIMARY SCHOOL

**PRODUCT: RUBBER MULCH
DAILY MILE TRACK**

DIMENSIONS: 160lm X 1.5m

YEAR: 2019

The Project

Since 2012 the Daily Mile initiative has been growing throughout schools across the UK. Each year, schools are installing an easy way for children to take part in their mile a day fitness activity.

St. Paul's CE Primary School used part of their Government Sports Funding to join the Daily Mile initiative by installing an all-weather pathway around the school field.
